**PRN** E003230 **NAME** Church Village Bypass Scheme WB **NGR** ST0782184248 **COMMUNITY** Llantwit Fardre

**TYPE** Watching Brief **YEAR** 2008 **ORGANISATION** Glamorgan-Gwent Archaeological Trust (GGAT) **PERSON**

**SUMMARY** GGAT undertook an archaeological watching brief during construction phases of the Church village Bypass road. The intrusive groundworks monitored by the archaeological watching brief generally consisted of a topsoil strip, although retaining ponds were also excavated. The watching brief uncovered a stone trackway and large area of peat.

**DESCRIPTION** GGAT undertook an archaeological watching brief during construction phases of the Church village Bypass road. The intrusive groundworks monitored by the archaeological watching brief generally consisted of a topsoil strip, although retaining ponds were also excavated. The watching brief uncovered a stone trackway, which was subsequently fully excavated and recorded. The structure is likely to date to between 1875 and 1900 and its alignment suggests it originally linked the Dyffryn Llanwit Colliery and Efail Isaf Station. A second phase of the watching brief was also conducted on an area of peat extraction.

**COMMENTS** Planning application no. 05/2222/08
