PART 2:
FARM BUILDINGS

List of Pre-Start Photographs of the Farm Buildings

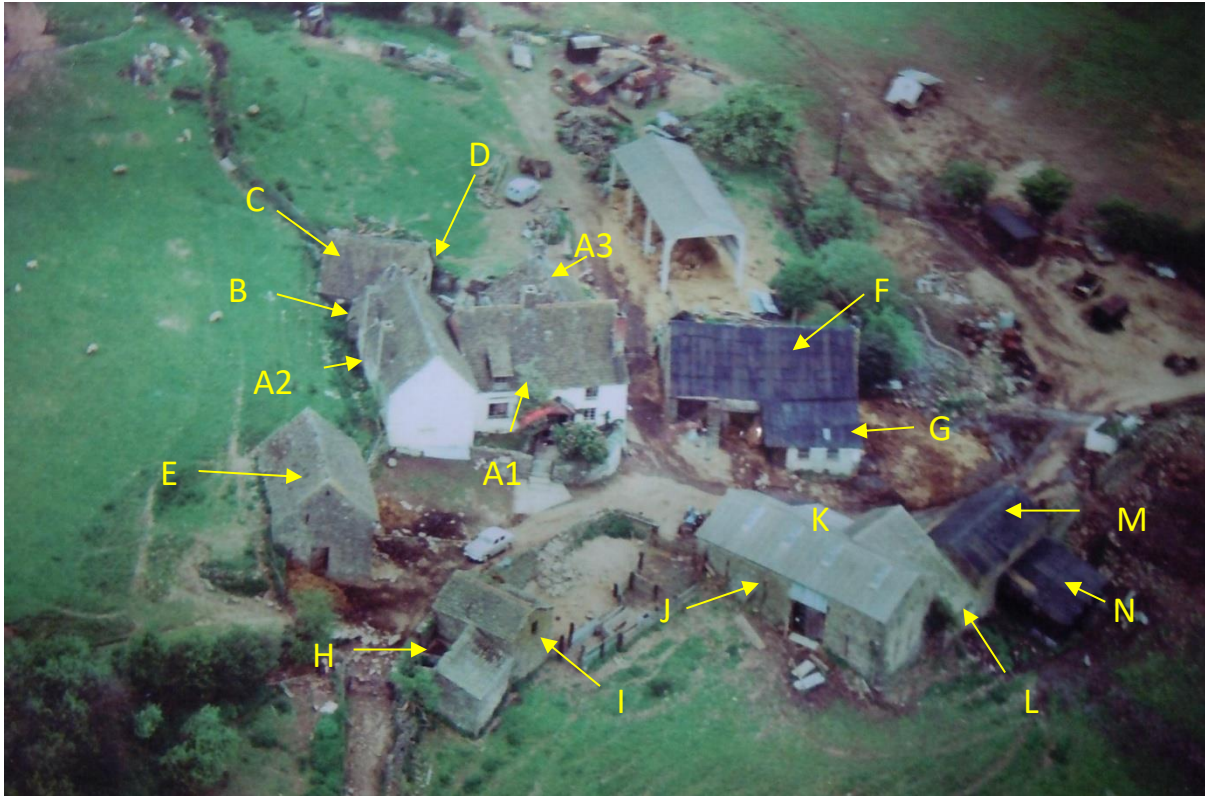

- Pl.1: Front, or east, elevation of the Infill Range (Building B), with the Apple Store, right.
- Pl.2: The south-west corner of the Infill Range with the end of the Solar to the right.
- Pl.3: Interior of Infill Range, looking south to the end gable of the Solar wing of main house.
- Pl.4: The inner face of the front wall of the Infill Range (B).
- Pl.5: North wall of the Infill Range – the south wall of the adjacent Apple Store (Building C).
- Pl.6: The roof structure of the Infill Range.
- Pl.7: The front, or east, elevation of the Apple Store (Building C).
- Pl.8: The rear, or west, gable of the Apple Store, revetted against the bank.
- Pl.9: The north wall of the Apple Store, seen from within the Lean-to (Building D).
- Pl.10: The inner face of the south side wall of the Apple Store.
- Pl.11: Part of the attic and roof structure of the Apple Store.
- Pl.12: The east elevation of the Lean-to (Building D).
- Pl.13: Interior of the Lean-to, showing the trough and water supply at the rear.
- Pl.14: The front, or east, elevation of the West Barn or Stable (Building E).
- Pl.15: The rear, or west, elevation of the West Barn, partly built into the bank.
- Pl.16: The south gable end of the West Barn.
- Pl.17: The north gable of the West Barn.
- Pl.18: The northern end of the ground floor or the West Barn, from the north-east.
- Pl.19: The northern ground-floor portion of the West Barn, looking east.
- Pl.20: Detail of graffiti on the east door of the West Barn.
- Pl.21: The southern section of the ground floor of the West Barn, looking north.
- Pl.22: The loft of the West Barn, from the south-west.
- Pl.23: The east gable end of the North Barn or Beast House (Building F).
- Pl.24: South elevation of North Barn or Beast House and attached Shelter Shed (Building G).
- Pl.25: The north elevation of the North Barn or Beast House.
- Pl.26: The west gable end of the North Barn or Beast House.
- Pl.27: The southern end of the ground floor of the North Barn or Beast House, looking south.
- Pl.28: The partitioned off western end of the North Barn or Beast House from the south.
- Pl.29: The roof structure of the North Barn or Beast House and ephemeral loft, from the west.
- Pl.30: Detail of the east window of the North Barn or Beast House.
- Pl.31: The south elevation of the Shelter Shed (Building G).
- Pl.32: Interior of Shelter Shed, showing south wall of adjacent North Barn or Beast House.
- Pl.33: View of the Piggery (Building H, right) and Corn Drier (I, left) from the north-west.
- Pl.34: The north wall of the Piggery (Building H) showing the openings to the sties.
- Pl.35: The Piggery from the south-west with the Corn Drier beyond.
- Pl.36: The south wall of the Piggery.
- Pl.37: The interior of the first-floor of the Piggery.
- Pl.38: The north elevation of the Corn Drier (Building I).
- Pl.39: The interior of the first floor of the Corn Drier.
- Pl.40: The south gable end of the Corn Drier (Building I)
- Pl.41: Yard area to the east of the Corn Drier.
- Pl.42: The Threshing Barn (Building J) from the east.
- Pl.43: The west elevation of the Threshing Barn.
- Pl.44: The north gable of the Threshing Barn.
- Pl.45: The Threshing Barn from the north-west.
- Pl.46: The south gable of the Threshing Barn.
- Pl.47: The interior of the Threshing Barn, looking north.
- Pl.48: The interior of the Threshing Barn from the south-west.

- Pl.49: The east elevation of the Threshing Barn Northern Extension (Building K).
Pl.50: Interior of the Northern Extension, looking to the side wall of the Threshing Barn (J).
Pl.51: South elevation of the Threshing Barn Southern Extension (Building L).
Pl.52: East wall of the Southern Extension, viewed from within the Granary (Building M).
Pl.53: Interior of the Southern Extension, looking south with Threshing Barn wall to right.
Pl.54: The north wall of the Granary (Building M).
Pl.55: The east gable of the Granary.
Pl.56: Interior of the ground floor of the Granary, looking west.
Pl.57: The loft floor of the Granary, looking south-east.
Pl.58: 20th Century sheeted lean-to against the Granary, from the south-west.
Pl.59: Concrete portal framed Dutch barn and earlier sheeted garage, north of the farmhouse.
Pl.60: General view northwards out of the farmstead.
Pl.61: Revetment wall to the north of the house, with the Apple Store (C) beyond.
Pl.62: Revetment wall between the house (right) and the West Barn or Stable (Building E).
Pl.63: General view to the south.

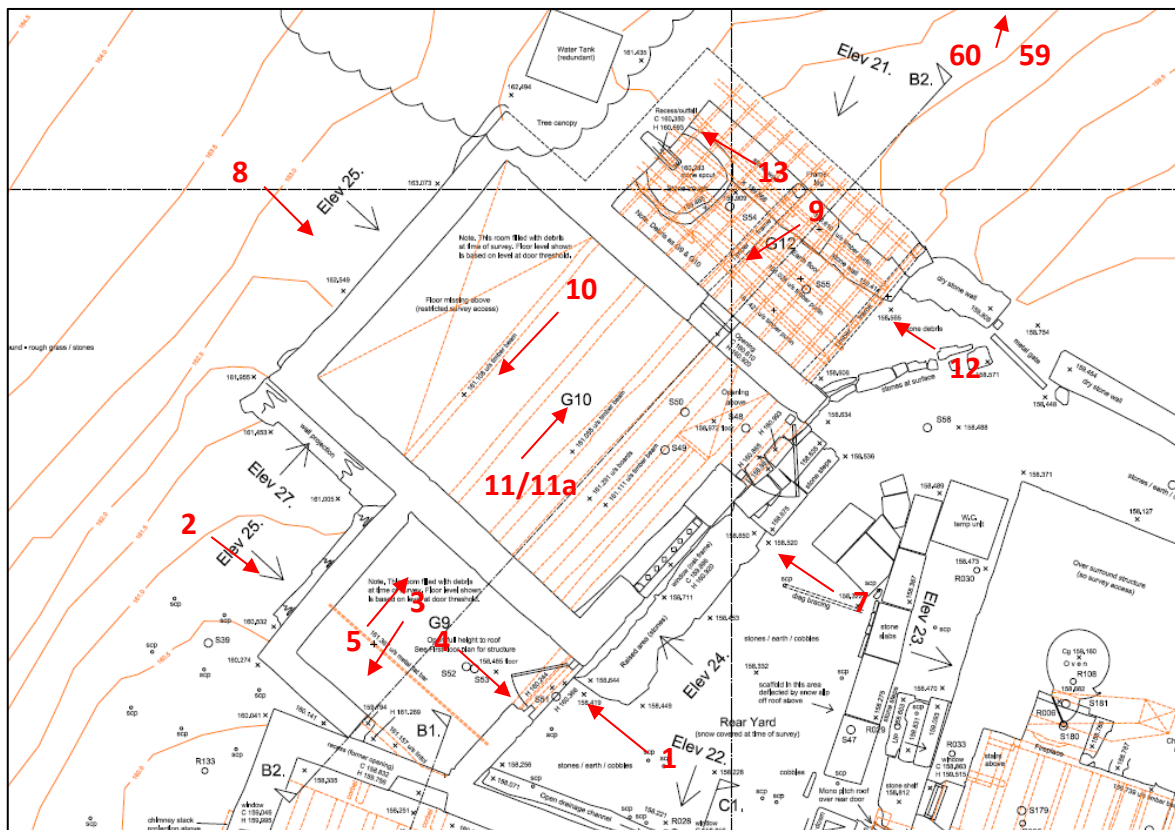

Outline Site Plan and Photo locations; for inset, see below.

- B: Infill Range
- C: Apple Store
- D: Lean-to
- E: West Barn or Stable
- F: North Barn or Beast House
- G: Shelter Shed
- H: Piggery
- I: Corn Drier
- J: Threshing Barn
- K: Threshing Barn – Northern Extension
- L: Threshing Barn – Southern Extension
- M: Granary
- N: Modern Range

A circa 1970 view of the farm from the south, with the farm buildings identified alphabetically (see above for key).

Detail plan of Buildings B to D.

Building B:

The Infill Range

Pl.1: Front, or east, elevation of the Infill Range (Building B), with the Apple Store, right..

Pl.2: The south-west corner of the Infill Range with the end of the Solar to the right.

Pl.3: The interior of the Infill Range, looking south to the end gable of the Solar wing of the main house; note the blocked windows in the original building at both floor levels.

Pl.4: The inner face of the front wall of the Infill Range (B).

Pl.5: The north wall of the Infill Range – actually the south wall of the adjacent Apple Store (Building C).

Pl.6: The roof structure of the Infill Range.

Building C:

The Apple Store

Pl.7: The front, or east, elevation of the Apple Store (Building C).

Pl.8: The rear, or west, gable of the Apple Store, revetted against the bank.

Pl.9: The north wall of the Apple Store, seen from within the Lean-to (Building D).

Pl.10: The inner face of the south side wall of the Apple Store.

Pl.11: Part of the attic and roof structure of the Apple Store.

Pl.11a: Remnants of secondary thick plaster floor laid onto the loft floor boards of the Store, taken after initial clearance (courtesy of Sam Hale).

Building D:

The Lean-to

Pl.12: The east elevation of the Lean-to (Building D).

Pl.13: The interior of the Lean-to, showing the trough and water supply at the rear, or west, of the building where it is built into the bank.

Building E:

The West Barn or Stable

Pl.14: The front, or east, elevation of the West Barn or Stable (Building E).

Pl.15: The rear, or west, elevation of the West Barn, partly built into the bank.

Pl.16: The south gable end of the West Barn.

Pl.17: The north gable of the West Barn.

Pl.18: The northern end of the ground floor of the West Barn, from the north-east.

Pl.19: The northern ground-floor portion of the West Barn, looking east.

Pl.20: Detail of graffiti on the east door of the West Barn.

Pl.21: The southern section of the ground floor of the West Barn, looking north.

Pl.22: The loft of the West Barn, from the south-west.

Building F:

The North Barn or Beast House

Pl.23: The east gable end of the North Barn or Beast House (Building F).

Pl.24: The south elevation of the North Barn or Beast House, with the attached Shelter Shed (Building G) to the right.

Pl.25: The north elevation of the North Barn or Beast House.

Pl.26: The west gable end of the North Barn or Beast House.

Pl.27: The southern end of the ground floor of the North Barn or Beast House, looking south.

Pl.28: The partitioned off western end of the North Barn or Beast House from the south.

Pl.29: The roof structure of the North Barn or Beast House and ephemeral loft, from the west.

Pl.30: Detail of the east window of the North Barn or Beast House.

Building G:

The Shelter Shed

Pl.31: The south elevation of the Shelter Shed (Building G).

Pl.32: The interior of the Shelter Shed, showing the south wall of the adjacent North Barn of Beast House to which it was attached.

Building H:

The Piggery

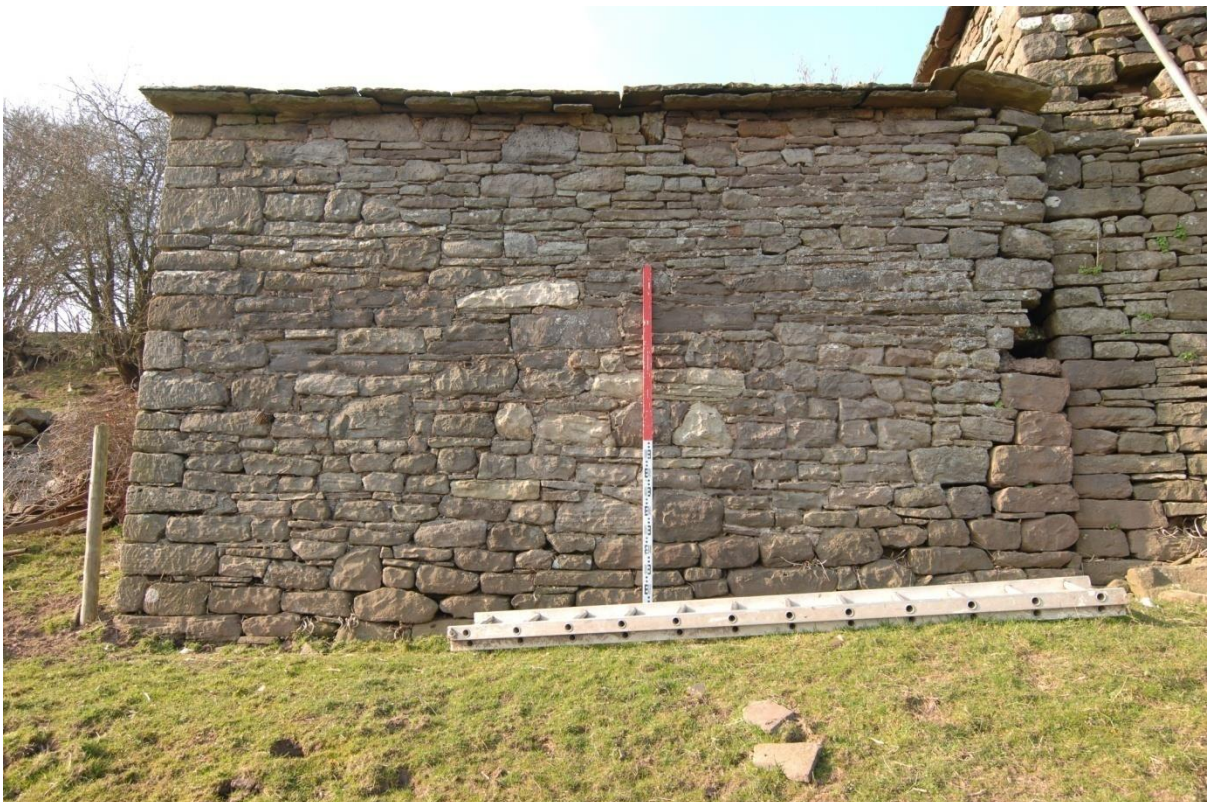

Pl.33: View of the Piggery (Building H, right) and Corn Drier (I, left) from the north-west.

Pl.34: The north wall of the Piggery (Building H) showing the openings to the sties; the yard walls in front have largely been removed.

Pl.35: The Piggery from the south-west with the Corn Drier beyond.

Pl.36: The south wall of the Piggery.

Pl.37: The interior of the first-floor of the Piggery.

Building I:

The Corn Drier

Pl.38: The north elevation of the Corn Drier (Building I).

Pl.39: The interior of the first floor of the Corn Drier.

Pl.40: The south gable end of the Corn Drier (Building I)

Pl.41: Yard area to the east of the Corn Drier.

Building J:

The Threshing Barn

Pl.42: The Threshing Barn (Building J) from the east.

Pl.43: The west elevation of the Threshing Barn.

Pl.44: The north gable of the Threshing Barn.

Pl.45: The Threshing Barn from the north-west.

Pl.46: The south gable of the Threshing Barn.

Pl.47: The interior of the Threshing Barn, looking north.

Pl.48: The interior of the Threshing Barn from the south-west.

Building K:

Threshing Barn Northern Extension

Pl.49: The east elevation of the Threshing Barn Northern Extension (Building K).

Pl.50: Interior of the Northern Extension, looking to the side wall of the Threshing Barn (J).

Building L:

Threshing Barn Southern Extension

Pl.51: South elevation of the Threshing Barn Southern Extension (Building L).

Pl.52: East wall of the Southern Extension, viewed from within the Granary (Building M).

Pl.53: Interior of the Southern Extension, looking south with Threshing Barn wall to right.

Building M:

The Granary

Pl.54: The north wall of the Granary (Building M).

Pl.55: The east gable of the Granary.

Pl.56: Interior of the ground floor of the Granary, looking west.

Pl.57: The loft floor of the Granary, looking south-east.

Miscellanea

Pl.58: 20th Century sheeted lean-to against the Granary, from the south-west.

Pl.59: Modern concrete portal framed Dutch barn and slightly earlier sheeted garage to the north of the farmhouse.

Pl.60: General view northwards out of the farmstead.

Pl.61: Revetment wall to the north of the house, with the Apple Store (C) beyond.

Pl.62: Revetment wall between the house (right) and the West Barn or Stable (Building E).

Pl.63: General view to the south.
